Maybe even better than free.

Simply upload your file and share the link. File is free to use with no gotchas and no hidden fees. filehosting provides an easy possibility for you to send large files to your friends. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Unfortunately, we can’t make that part free. Your wallet will be none-the-lighter! Just so we’re all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can givethis download link to your friends by mail or instant messenger. When you use file, you avoid storing the file you’re sending in your cloud storage or mailserver. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free and simple filehosting service now. Just uploadthe file you want to share with your friends and we send you a download link to your file. We have no file size limit. You don't need any special softwareinstalled to be able to download your files. You decide who you want to share your files with. The cost of that data transfer is covered by your internet serviceor the data plan on your phone. It is also allowed to link to the download page from websites and communities. You can upload any type of file (movies, music,documents, images, zip files and more). Our service is completely free for everyone. No account or credit card is required to get started. Using file, you cancircumvent those limits without paying to upgrade your team chat service. Files can be downloaded from any computer from our high speed servers. If only wecould, we surely would! On the other hand, using file can actually save you money. Keep your files private, or send your download links only to friends orfamily. Any file in any format can be uploaded and downloaded for free.
