Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded. You decide who you want to share your files with. The cost of that data transfer is covered byyour internet service or the data plan on your phone. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending inyour cloud storage or mail server. You can upload any type of file (movies, music, documents, images, zip files and more). Why pay storage fees for a file thatyou just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps.Alternatively you can choose to share your download links on blogs, forums and social networking sites. It is also allowed to link to the download page fromwebsites and communities. File is free to use with no gotchas and no hidden fees. Our service is completely free for everyone. Keep your files private, or sendyour download links only to friends or family. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money indata storage fees. We have no file size limit. filehosting provides an easy possibility for you to send large files to your friends. Any file in any format can beuploaded and downloaded for free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can give this download link toyour friends by mail or instant messenger. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. So try our free and simple filehosting service now.You don't need any special software installed to be able to download your files. Files can be downloaded from any computer from our high speed servers. Usingfile, you can circumvent those limits without paying to upgrade your team chat service. If only we could, we surely would! On the other hand, using file canactually save you money. No account or credit card is required to get started.
