Maybe even better than free.

This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Just so we're all 100% clearhere: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Why paystorage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.Unfortunately, we can't make that part free. You don't need any special software installed to be able to download your files. We have no file size limit. Whenyou use file, you avoid storing the file you're sending in your cloud storage or mail server. Keep your files private, or send your download links only to friendsor family. If only we could, we surely would! On the other hand, using file can actually save you money. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. Our service is completely free for everyone. Alternatively you can choose to share your download links onblogs, forums and social networking sites. You can give this download link to your friends by mail or instant messenger. You can upload any type of file(movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chat service. Youdecide who you want to share your files with. Files can be downloaded from any computer from our high speed servers. It is also allowed to link to thedownload page from websites and communities. So try our free and simple filehosting service now. There are no restrictions on the number of times a file canbe downloaded. No account or credit card is required to get started. filehosting provides an easy possibility for you to send large files to your friends. Simplyupload your file and share the link. Just upload the file you want to share with your friends and we send you a download link to your file. Any file in any formatcan be uploaded and downloaded for free. File is free to use with no gotchas and no hidden fees.
