Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. The cost of that data transferis covered by your internet service or the data plan on your phone. Our service is completely free for everyone. File is free to use with no gotchas and no hidden fees. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can give this download link to your friends by mail orinstant messenger. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. Using file, you can circumventthose limits without paying to upgrade your team chat service. We have no file size limit. You don't need any special software installed to be able to downloadyour files. No account or credit card is required to get started. If only we could, we surely would! On the other hand, using file can actually save you money. Any file in any format can be uploaded and downloaded for free. You decide who you want to share your files with. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Simply upload yourfile and share the link. There are no restrictions on the number of times a file can be downloaded. When you use file, you avoid storing the file you're sendingin your cloud storage or mail server. filehosting provides an easy possibility for you to send large files to your friends.
