Maybe even better than free.

Our service is completely free for everyone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Keep your files private, or send your download links only to friends or family. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. If only we could, we surely would! On the other hand, using file can actually save you money. You can upload any type of file (movies, music, documents, images, zip files and more). filehosting provides an easy possibility for you to send large files to your friends. You decide who you want to share your fileswith. No account or credit card is required to get started. Just upload the file you want to share with your friends and we send you a download link to your file.You don't need any special software installed to be able to download your files. There are no restrictions on the number of times a file can be downloaded. Fileis free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communities. Unfortunately, we can't makethat part free. You can give this download link to your friends by mail or instant messenger. So try our free and simple filehosting service now. Why paystorage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. Files can be downloaded from any computer from our high speed servers. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. We have no file size limit. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. Any file in any format can be uploaded and downloaded for free. The cost of that datatransfer is covered by your internet service or the data plan on your phone.
